NIMBIN CWA AND COMMUNITY SCHOOL RESILIENCE AWARDS

It is with a great deal of pleasure that I can announce the inaugural Resilience Award recipients for 2020.

These new awards are funded by the CWA and the Community School, in recognition and to support the ongoing educational needs of students who have demonstrated grit and fortitude and the continuing desire to learn and do their best, in what are often difficult circumstances.

With the events of 2020 it was a difficult decision as all of our students have shown great determination and resilience. However, the following students were selected as those who were felt would most both benefit and use this award money to ensure their ongoing excellent participation in education.

The winners come from important transition points in their schooling – Year 6 and Year 11 – and each recipient will receive \$500 to be used for educational purposes.

The Year 6 winners are Zoe Farmer and Cruz Gower.

The Year 11 winners are Beth Cooper Wares and Aden Morgan.

Our sincere gratitude goes to the CWA and the Community School for funding these awards and supporting what can be life changing circumstances for young people.

Also, a very big congratulations to our award winners.

Well done – you deserve it!
