Week 10  
Term 4

## **FORMAL ASSEMBLY 2020 - PRINCIPAL'S SPEECH**

Welcome to all our students, teachers, parents and community members here today on this our end of year Assembly.

I'm extremely proud to be here with you today as Principal and to watch as another group of young people graduate from one year into the next and to celebrate the many and varied successes of 2020. I hope that you are all just as proud of yourselves. You should be.

This speech is traditionally one where the Principal reflects on the past year and the achievements of the school and its students. There has certainly been a lot for me to reflect on over the past twelve months – from fires and floods to a pandemic.

Firstly, I would like to acknowledge the tenacity, flexibility and humility of our entire Nimbin Central School community during this extraordinary year.

You, the student body, have responded to the (to use an overused word) unprecedented and rapid changes to your school life with amazing good will and a genuine desire to do your best in any circumstances. This not only made our work at school finding the best ways to support you easier but also inspired us.

There have been many things in our usual school year that you have not had the opportunity to participate in during 2020 – excursions, performance nights, Wellbeing and Bundjalung Days, having your parents on-site - to name just a few.

But there have also been opportunities that you have not had in the past and you have embraced these fully as chances to learn and grow. These include online learning and the extended use of educational technology, but also – and maybe more importantly – you have learnt the importance of community, the need to look out for each other and the central place that a spirit of gratitude has in our lives.

Any news report on any given day certainly reinforces just how lucky we are to be living not just in Australia, but in Northern NSW at this time.

And you have continued to learn and grow academically. Your teachers are constantly proudly sharing the great steps you have taken, whether this be in Kindergarten with your reading or Year 12 with their HSC, and every year in-between.

Congratulations! You have done 'whatever it takes' and we are all proud of you.

Something that has not changed, and must never change is that at its core schools are places of social interaction. As humans, I believe we are designed to connect with others, learn from them, listen to them, share with them and encourage them. And it is due to these interactions that happen both inside and outside of the classrooms at Nimbin Central School that all these wonderful things are possible.

And the kind of effort involved in producing these impressive results we're celebrating today also requires a great deal of support, collaboration, and input from the teachers, office staff and the entire school community, including our GA, cleaners, P&C and Canteen staff. None of this learning would happen if it wasn't for their effort, commitment and passion and their choice to work beyond what is expected of them to provide the best for our young people at all times.

If I named the work by each staff member individually I would have to mention every single one - so I'll just say a BIG BIG thank you to all – and especially for the unreserved support they have given to me and each other this year.

**I WOULD LIKE TO INVITE ALL THESE PEOPLE UP ON STAGE - WITHOUT WHOM NONE OF THIS WOULD HAPPEN.**

I would also like us to recognise the essential input into these achievements by parents, caregivers and family. It is your commitment to your children and your unconditional support that contribute to make all of these things possible.

Could I ask all those present here today to stand. Thank you - we couldn't do it without you either.

Many prizes and awards will be given out today - for academic, artistic, extra-curricular, musical, service and sporting successes. However, our prize-winners are but scratching the surface of what so many Nimbin Central School students have achieved this year. You are all to be congratulated on your achievements over the past year – and even more importantly, the progress and life learning that has been made by each and every one of you.

Give yourselves a well earned round of applause!

Over the last few weeks we have been involved in evaluation and planning for the coming year and setting the priorities to build upon the successes of the school so that we can improve still further. We should always seek to do better; to challenge ourselves and our students to set the highest standards to achieve our ambitious goals. And that's what we will do in 2021. We are looking at strengthening current programs and have some ideas for new and exciting initiatives.

Again – I'm incredibly proud of the achievements of each and every one of the young people and staff members here today and wish you all the best for Christmas, the holidays and the year ahead.

I look forward to seeing you all back in 2021 for another successful, fun and rewarding year of learning.

Remember – be gallant, be great, be gracious and be grateful.

*Cath Marshall*

### **2021 Return to School Dates**

**Wednesday 27 & Thursday 28 January - STAFF DEVELOPMENT DAYS -**

**NO STUDENTS**

**KINDERGARTEN STUDENTS COMMENCE ON MONDAY 1 FEBRUARY 2021**

**ALL OTHER YEARS COMMENCE ON FRIDAY 29 JANUARY 2021**

*From the Deputy's Desk*

Jingi Walla everyone,

Well what a year it has been! Fires, Floods, worldwide pandemics - it has certainly been challenging. What we have learnt is that our community is strong and supportive, resilient and resistant. My sincere gratitude and gratefulness goes out to our learning community for continuing to keep things as "normal" and productive as possible for our students.

This has helped minimise the anxiety and trauma that can be associated with such events. In saying that, please keep an eye on our young people in the coming months as things return to the new normal. We will see tourism pick up in town so please ensure you keep practising healthy hygiene practises to minimise the risk of becoming sick due to increased exposure.

To the teachers of Nimbin Central School I would like to give huge praise and thanks for being so adaptive and responsive and really going above and beyond for our learners. I will say it again, there is a lot of genuine care and support at Nimbin Central for our students. Many don't realise that teachers were thrust into online learning platforms with minimal time to prepare resources or develop skills in the different technologies. I think the teachers did a tremendous job to ensure learning continued and our students felt supported.

We are starting to see restrictions lift and we are excited to start inviting community back into the school. We can have parents at the end of year assemblies to celebrate student success and achievement and we will be able to have our parent/ community breakfast early next year to get your feedback on our SIP (Strategic Improvement Plan). This will guide our directions and planning for the next three years, so it is vital that we have as much consultation and genuine collaboration as possible to ensure we are all heading in the same direction.

We do value and listen to your feedback, so thank you to the thirty parents who responded to our 'Tell Them From Me' parent survey. There were two common themes that continually presented: Communication and High Expectations, and these will be one of our focus areas in future planning.

We are working with the P & C on which channel of communication is best for the majority of our community, so if you want your say please contact the P & C members or become involved. We will be using the parent portal on Sentral more next year as we already pay for this service. Please contact the office to get your personal key. This allows you access to your child's reports, attendance monitoring, incidents recorded, and information about what's happening, school notes etc. As we learn more about the capacity, we will be using it more.

Thank you to the P & C for their support this year, in what was a challenging time for all, it was particularly hard to arrange meetings via social distancing etc and maintain relationships that foster support for the school. I would like to pass on my sincere thanks to Anne Bowden who is retiring from the Community Liaison role at NCS. Anne's contribution in supporting our school over the years has been tremendous and much appreciated. I wish her well in her future years.

And a final thank you to the community for a warm welcome. I have now moved locally and really enjoy the community spirit and supportive nature of the town and surrounds. What an amazing place we live in - so beautiful, peaceful, respectful and mindful. Looking forward to many years of leading our learning community and driving future improvement at Nimbin Central School.

Have a great holiday. Be safe. And I will see you all next year.

Boogulbeh,  
Simon Graham

## K/1 NEWS

The K1 embedded mindfulness practice after break times develops student's self-awareness, reduces stress and boosts their capacity to learn and innovate. Mindfulness brings out the best in our Jarjums, promotes clarity, empowers and inspires them to make astute learning decisions. Neuroscience research states, 'it can literally change the structure and function of the brain'.

Lifesavers in the classroom ZOOM class this term inspired our 'under the sea' theme where students dive deep into a dramatic play ocean scene to discover an underwater habitat full of sea creatures.

This was an interactive activity and proved to be a successful teaching and learning experience that enabled the author in our most reluctant writers.

*From Val Scarrabelotti & the team*

## News from the 1/2 Room

### Class 1/ 2 Readers Theatre

Lights, Camera and Action was the vibe of our class during our readers theatre at school.

It was one of the most enjoyable learning activities this semester !

Students took great delight in choosing their parts, practicing their lines and dressing up in the most unusual and crazy costumes to go on stage.

I love the way a student's inhibitions soon fade away and they transition into the role of their performing character.

Lots of laughter and surprises were had as the audience was entertained and delighted with the Class 1/2 Christmas party.

Best wishes for a most wonderful Christmas and a lovely 2021.

Dian Plesko & team

## NEWS FROM THE 3/4 CLASSROOM

This term has been an amazing end to an amazing year. We were extremely lucky to have had a classroom visit from the Australian author and illustrator, Dub Leffler, who discussed how authors use language features, images and vocabulary to portray characters, events and settings in different ways.

In mathematics, we have been focusing on mathematical inquiries and investigations using hands-on, real-life learning activities to explore a variety of mathematical concepts.

Year 3/4 have also had the opportunity to get down and dirty (and wet) while caring for the new native plantings in and around the school's yarning circle, The Wundaraan (meeting place).

As always, visual art has been an important and rewarding focus in our classroom. As you can see from the images below, students did an amazing job on their end of year pieces featuring a range of puppy dogs and pussy cats (and a cow and an eagle). What a year!

Can't wait to see what 2020 has in store for us!

*Toni Steel*

## 4/5/6 NEWS

**Mathematics:** investigations into chance, probability, data and graphs. We also created a treasure hunt which involved solving mathematical problems to achieve a clue leading to a point on the school map using grid points and compass directions.

**Literacy:** explored using descriptive, emotive and figurative language to enhance narratives using 7 Steps of Writing Techniques.

**Science & Technology:** having lots of fun working in the Library to research and create PowerPoints and coding using EduSpace as the platform.

**Year 6 Graduation & Fundraiser Carnival:** As a celebration of Year 6 graduating from Primary School, we created a Carnival of Games for all of Primary to enjoy and raised some donations that went towards our Graduation Dinner and Disco. Thank you for your generosity.

*Sam Bouni - Classroom Teacher*

PRIMARY CELEBRATION DAY AT MURWILLUMBAH POOL

# YEAR 12

# FORMAL

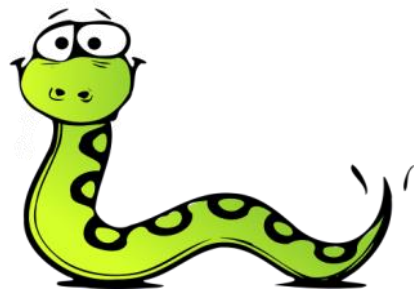

**"SCIENCE STUDENTS  
HAVE ENJOYED SHARING  
THEIR SPACE WITH  
OUR FRIENDLY  
PYTHONS"**

**FROM THE COMMUNITY LIAISON OFFICER**

*This will be my final newsletter item as I will retire at the end of this school year.*

*I will take away many fond memories of my time at Nimbin School. The unique qualities of this school and community are truly a treasure.*

*In my own youth, I clearly remember when I left school my thought was " thanks goodness, now I don't have to learn anything anymore." Of course I was wrong. Learning never stops. To know how to learn is a gift of great value.*

*My views of education remain the same. To give our children the best we can so they can be the best they can be, includes all that education offers.*

*By supporting the efforts of our children, we send a clear message to them that they are worthy of our support and respect as they face the various challenges of their young lives.*

*I wish you well in your journey as parents and as partners with the dedicated staff here at Nimbin Central School.*

*Thank you*

*Anne Bowden*

## Mathematics News

This term has been a reflection of the year in the Mathematics KLA. It has been busy, unusual, and we have continuously adapted to changes. I must congratulate all the students for working so well with adversity and I am always encouraged and amazed at the talent and resilience of not only our students but the entire school community.

Stage 4 completed their units of work in time for the changeover in Week 6.

This ran smoothly with each cohort seeming to develop in maturity overnight and commence their new courses with enthusiasm.

Stage 5 completed a formal exam in the MPU.

This experience should help our senior students transition into their HSC studies.

Stage 6 saw some students completing their studies and others returning for their second year of HSC courses with the addition of newly appointed seniors.

A big thank you to Rebecca O'Meara who did an amazing job with students in Stage 4, 5 and 6, both in Art and Mathematics.

I extend my thanks to Josh Howard who has contributed greatly into shaping how we deliver content in new and exciting ways.

We will sadly miss Bec and Josh and their enthusiasm for teaching young people but wish them well in their new schools.

A big thank you as well to our practising Mathematics teacher Bronwyn White. Bronwyn has been working with some of the Stage 4 and 5 classes. Her enthusiasm, calm and patient approach to teaching demonstrates that the dedication to our students will continue into the future.

**Rosa Fox—Mathematics Teacher**

### Science / TAS / Careers and NESA Faculty News

All students are off to a good start in their 2021 courses. New courses, new teachers and new classmates always serves to reinvigorate learning at the end of a busy year.

We ask for Caregiver's assistance in enabling our students to achieve to the best of their abilities in the 2021 school year, including ensuring students are equipped with workbooks, stationery and other course requirements and also supporting them in revision of content and the completion of tasks and assessments.

Our faculty is pleased to be offering the following courses in the 2021 academic year:

**Stage 6**   **Agriculture**                      **Physics**   **Industrial Technology (Automotive)**

**Stage 5**   **Agriculture**                      **Information and Software Technology (IST)**  
**Industrial Technology (Automotive)**                      **Food Technology**  
**Careers**                      **Science (Core)**

**Stage 4**   **Agriculture**                      **Computing and Digital Technologies (CDT)**  
**Food Technology**   **Engineered Systems**  
**Careers**                      **Science (Core)**

We follow all NSW DoE and NESA guidelines in our courses and all curriculum and syllabus information can be accessed at <https://educationstandards.nsw.edu.au/>.

Most courses have a Google Classroom containing selected learning materials and all assessment details and enable easy digital communication and task submission. Caregivers may be included as viewers to the Google Classroom, please simply ask the teacher to add your email address to the system.

We look forward to delivering enriching learning to all students in the coming academic year and wish our whole school community the very best for the summer break.

Best regards,  
 Kellie Cockburn and the Faculty Team

## LIBRARY NEWS

**Dub Leffler - illustrator and author talk:** a Storyboard program of the Byron Writers' Festival held on 8/12/20

**New books:** are featured on our Library page which you can access 24/7 through the student or staff portals.

We have the hilarious but very believable tale of a COVID-like virus that enables people to hear what animals are thinking, not so fabulous given the way some humans treat them. It is called 'The Animals From That Country' and is suitable for Secondary readers.

We have yet another dystopian series, called 'Unlisted'; three powerful stories of Aboriginal identity 'True Country' and 'Terra Nullius' as well as the short story collection 'Remembered by Heart'; the latest Treehouse book; a glorious tale of teenage angst 'How It Feels To Float' and a small but inspiring book by eco-warrior Greta Thunberg.

There are many more great books to discover in the Library so feel free to come and browse.

### Jigsaw fun in the Library:

**...and remember, it's never too late to return your Library books:** so scour the cupboards, look under couches and beds, check for barcodes on the bookshelf and remember that we are always happy to see our books come back, so don't be nervous about having taken years to return them.

*Mazz Webb*

## School Travel for 2021

### 2021 school travel applications are now open

Applications for student travel in 2021 opened from Monday 12 October 2020.

Students who require a School Opal card or travel pass for 2021 can now [apply](#) online. A new application should be submitted if a student is applying for a school travel pass for the first time or requesting an additional pass as a result of a new shared parental responsibility situation (e.g. joint custody).

Students who have changed school/campus, changed address, repeated a year or received an expiry notification from Transport for NSW for their school travel entitlement should [re-apply or update their details](#).

\*Applications must be completed by the student's parent or legal guardian if the student is aged under 16 years. Students 16 years and over must complete the application form themselves.

Where there is a change of distance eligibility based on a student's grade, the system will automatically update a student's entitlement if they meet the new criteria. If they do not meet the new [eligibility criteria](#), they will receive an expiry notification via email.

Students who have an entitlement approved under a medical condition which is due to expire will receive a notification advising them to re-apply.

[Term Bus Pass](#) holders will receive a notification to re-apply.

If a student needs to update their information or re-apply, they should go online to <https://apps.transport.nsw.gov.au/ssts/updateDetails>

Applications need to be submitted before **31 December 2020** to ensure that current student entitlements are updated and their current entitlement/card remains valid. If their application is submitted after 31 December 2020, the system will automatically cancel an entitlement/card and a new one will need to be issued.

Students in the Opal network applying for a SSTS or Term Bus Pass entitlement for the first time will receive their card at their nominated postal address. Cards will be mailed out from January 2021.

Students residing in Rural and Regional (R&R) areas should receive their travel pass at the commencement of the new school year from their nominated operator, this may be distributed via the school or sent direct to their address.

**Note:** some R&R operators do not issue travel passes. Students/Parents should confirm with their nominated operator if they do not receive a pass.

*Continued over page*

## New Concession Entitlement Cards

Transport for NSW will be replacing the below cards with Transport Concession Entitlement Cards (TCEC) from October 2020:

- Senior Secondary Student Concession Card (16 years and over) – also used by Mature Secondary Students (18 years and over), Distance Education Students and Home School Students
- Proof of Age card (when a student under 16 years of age looks older)
- Boarder Rail Pass.

All previous cards will be valid until they expire. Students who require a Transport Concession Entitlement Card should speak with their school administration staff.

Enquiries regarding school student travel can be submitted to Transport for

NSW at: <https://transportnsw.info/contact-us/feedback/passes-concessions-feedback>

# Nimbin Holiday Club

## Summer Program

Now operating in **Nimbin Central School hall, Thorburn St, Nimbin**, we are running from **9am – 3 pm Monday to Friday**, with extended hours available if required. We provide a range of indoor and outdoor activities each day, **for children aged 5 -12**, including local excursions to the pool and other places around town. The basic fee is \$12 per day and more for our out-of-town excursion days.

Please book to avoid disappointment, by emailing [nimbinholidayclub@gmail.com](mailto:nimbinholidayclub@gmail.com) texting or calling Kylie **0487576281** or **NNIC 66891692** (between 10 am and 4 pm).

**Please ensure your child brings food & water for the day, and wears appropriate clothing, shoes, hat, and brings their swimmers & a towel.**

Please note: Our daily activities in Nimbin may vary slightly because our service is child directed.

Date	Program	Cost
Monday 4 <sup>th</sup> January	The blank canvas, our first day at our new venue. We will be exploring and designing our space	\$12
Tuesday 5 <sup>th</sup> January	We will be going to 7 Sibley Street to do a 'wild weavers' workshop	\$12
Wednesday 6 <sup>th</sup> January	<b>Excursion – Lismore Ten pin bowling and pool</b> We will be bowling at Lismore Tenpin then cooling off at Lismore pool <b>Please bring food, water, hat, swimmers, and a towel</b>	\$25
Thursday 7 <sup>th</sup> January	We will be making an obstacle course to test out all the new sports equipment	\$12
Friday 8 <sup>th</sup> January	We will be making sparkly suncatchers and fruit juice slushies	\$12
Monday 11 <sup>th</sup> January	We will be getting creative and messy with clay and playdough	\$12
Tuesday 12 <sup>th</sup> January	We will be going to 7 Sibley St to make mudbricks	\$12
Wednesday 13 <sup>th</sup> January	We will be having a messy science day with slime and other gross experiments	\$12
Thursday 14 <sup>th</sup> January	<b>Excursion – Ballina Waterslide and pool</b> We will be going to Ballina pool and waterslide <b>Please bring food, water, hat, swimmers, and a towel</b>	\$25
Friday 15 <sup>th</sup> January	We will be painting rocks and our clay creations	\$12
Monday 18 <sup>th</sup> January	We will be making some juggling balls and playing with the Sphero	\$12
Tuesday 19 <sup>th</sup> January	We will be going to 7 Sibley Street to learn how to build a tipi cubby	\$12
Wednesday 20 <sup>th</sup> January	We will be making some sparkly jewellery and bead craft	\$12
Thursday 21 <sup>st</sup> January	We will be having a dance party with wii, karaoke and home-made icecream	\$12
Friday 22 <sup>nd</sup> January	<b>Excursion – Lismore cinema and heritage park</b> We will be going to heritage park to see the new improvements, including water play and then going to the movies <b>Please bring food, water and a hat</b>	\$25
